Abstract: Education is one of the important parts in today's world. Has the main agenda of education is to educate individuals within the society so that one can be well Qualified, prepared and have the skills to work in economy and teaches the values and morals of society. Through education one is been socialized and keep society smoothing and stable The purpose of this research is to know how the authors write the books. Has it been studied that methodology is differently used by authors to authors. Author who writes Novels and One who Writes the Academic Textbooks use different method. The research has been done through Primary and Secondary Data. Interview method is used under primary and websites, online videos of authors are been used as secondary data. It is hoped that this research will significant about the difference in writing novels and textbooks that even en-light how authors role plays their crucial part for readers.

Keyboard: Education, Research, Authors, Novels.

1. INTRODUCTION:

Before knowing about the Authors it is important to understand why the education is important? Has Education is known as the process of facilitating, learning, developing knowledge, skills, beliefs, and habits. Education methods include teaching, training, storytelling, discussion, and direct research. Education can take place in formal and informal settings. It influences the way one thinks, feels or act. Publishers are the one who brings books for the readers and give royalty to the authors too. Authors present accurate information as well as design the proper objectives of his/her along with the publisher so that they can deliver the best selling books for their readers. It is been important the publisher should select the best writer for publishing their book for the readers. Not only the author who writes plays a vital role but also publisher plays that important part in publishing up either Novels or textbooks. Publisher should have first reader who is expertise and can give a clarity that whether everything is perfect in author writing. So that book should not have any grammatical mistakes, should have clarity sentences that can easily help readers to understand.

One who writes Novel and one who writes Textbook uses different Methodology in their writings.

This research is done on the basis How authors of Novel and Textbook differ from each other.

Whether they have any significant link with each other?

And the methodology that authors uses describes the broad philosophical underpinning to ones chosen research methods.

One should be clear about the academic basis.

2. DIFFERENCE IN AUTHOR WRITING NOVEL & TEXTBOOK

Methodology in writing Novel:

- The most crucial step is to summarize the book in 1-2 sentences.
- Cover the main elements of book i.e Synopsis
- After synopsis is prepared its time to outline book i.e to work on the the structure of your book.
